

PlexiDor Security Features

Producing a safe and secure dog door for you and your family is our highest priority. Each door comes with a lock and key and added steel security plate.

Lock and Key

PlexiDor PD DOOR and PD WALL units come with a lock and two keys. The lock features a steel cam inside a hardened metal cylinder. Just turn the key to lock or unlock the door and keep unwanted guests from entering your home.

Steel Security Plate

The steel security plate is included with each PD DOOR or PD WALL unit and can be installed when leaving your home for an extended period. If using the security plate daily, purchase the PlexiDor Sliding Track with Flip Lock accessory for added convenience.
